TRANSP[]SE

This studio is looking for projections for
a brand new way of life in the city.

Use new technologies.
Imagine a sustainable and a radically poetic city life.

Change the equation.

Use the sunlight.
Use literature. Use Borges.
Use the polluted water. Use robotics. Use art.
Use Chagall. Use Dada.
Use genetics. Use the futurist manifesto.
Use music. Use Dylan.
Use the wind.

Use your imagination.
