

# IN-BETWEEN // LOST - SPACE

*"I like to find something in-between. Not only nature and architecture but also inside and outside. Every kind of definition has an in-between space. Especially if the definitions are two opposites, then the in-between space is more rich."  
Sou Fujimoto*

Discussions of space/place: empty space – lost space- in-between space- relative and absolute space- relationships- space and body- mass and void – transformation – identity – perception – new buildings in old settings.
