

FORM OF DOING

ALPER DERİNBOĞAZ

ITU. ARCHITECTURAL DESIGN STUDIO V.

Assistants: Eda Can, Sevki Topçu

This studio is looking for new strategies to create community spaces inside the city where you are free to speculate functions. Imagine people craving for producing, sharing and innovating. Look at cities of the post modern citizens. Create! Use ink. Use pc. Tear paper. Use whatever you have in your hand. Develop forms of doing. Look for a relationship between an environment and how we use it, experience it. Remember the roots. Imagine a camp fire, imagine a tent. Understand Francis Bacon. Look at Albrecht Dürer. Remember Bremante. And Create spaces.

Compete. There will be a (2 week) competition in connection with Architectural Design Studio VII, Hüseyin Kahvecioğlu / Hakan Tuzun Sengün.

Listen to Ahmet Alatas about structure and space. Walk with Serkan Taycan inside the city. Produce art with Candas Sisman.
