MIM 492E GRADUATION PROJECT GROUP C

ART & DESIGN CAMPUS IN AYVALIK

Ayvalık is a foremost region in terms of historical, cultural and social values in the Edremit bay area. Ayvalık have vibrant social and cultural life throughout the history. This area is selected as a project area because it hosted international cultural and art festivals every year. Moreover, Korfez University is planned to establish by official authorities in Balıkesir..Ayvalık come to the fore as an establishment area of Architecture and Fine Arts Faculties because of these reasons.

In this project, students are required to design a campus which consist of Faculty of Architecture, Faculty of Fine Arts, Student Guest House and Social Center. Students are expected to be able to build abstract relationships and understand the impact of ideas, conduct research and analysis of contexts related to the specified architectural problem.
